

Reflection Questions

Starting Point // The Next Step

*Therefore, if anyone is in Christ, the new creation has come. The old has gone, the new is here!
2 Corinthians 5:17*

Message Recap

Jesus didn't come to start a religion. He came for a different reason...relationship. He came to lead us into a growing relationship with God. Ultimately, so that he can transform us into everything God created us to be. And that happens by us taking one next step at a time.

Main Point

Our relationship with God grows by following Jesus one next step at a time.
