

Huddle

Huddles are made up of 2 or 3 people (same gender) and take place over breakfast, lunch, or coffee and last for about an hour. There is no set rhythm although they are encouraged several times per month to encourage one another in striving toward Christlikeness, being vulnerable, celebrating transformation in one another's lives and being known on a deeper level. The following sections represent main points of conversation.

God

Each person shares what they have been reading in the Bible, what they have been hearing from God, and the next steps they feel they should take in their personal or public life.

- How is your daily time with God? What have you been reading? (Growing in truth)
- What is keeping you from spending time with God alone? (Healthy rhythms)
- What next steps do you feel God is leading you to take? (Walking in obedience)

Family

Each person shares wins they are experiencing and/or struggles they are dealing with in relation to their family members, whether that be their siblings, their boyfriend/girlfriend, their parents, their spouse or children.

- How are each of the individuals in your family doing physically, emotionally, and spiritually? (Health)
- In what ways are you investing in them and praying for them right now? (Intentional investment)
- How is your marriage or your relationship with your son or daughter, etc.? (Love)
- How has "this" been since the last time we met? (Proactively processing issues)

Work/School

Each person shares about their work or school, where they are winning, where they are struggling, if they are working toward their dreams and able to operate in their talents and strengths.

- How is everything with your job/school or how are things in your home? (for the homemakers)
- Where are you winning? What challenges are you facing?
- What goals, desires, and dreams do you have that you are praying for?

Neighbor

Each person shares about the person they are investing in who don't yet have a relationship with God.

- Who are you relationally investing in right now and where are they spiritually?
- Where do you see progress in their life?
- What is your next step with that person?

Prayer

Each person prays for the other person(s) in the huddle based upon the direction of the conversation.

- How can I be praying for you specifically right now?
